NEW ITALIAN EXPLOITATION HORROR IN ITS PUREST FORM!

Form the producers and authors of

*STOMACH – PYRAMID – ZOMBIE NEW MILLENNIUM -
CATACOMBA – BEYOND THE OMEGA – NOTTE NUDA*

In un mondo senza legge, distrutto dalla malattia e dalla violenza, Ornella si trova prigioniera di Udolfo all'interno di una fortezza solitaria. Per sopravvivere la ragazza deve accettare il bestiale amore dell'uomo, un assassino asservito alla consorte cannibale Vera, e farsi complice della coppia: entrambi sono devastati fisicamente e mentalmente dalle mutazioni, ma non rappresentano un pericolo peggiore dei sadici Esecutori che marciano senza sosta all'esterno della fortezza. Prima che sia troppo tardi, Ornella dovrà fare una scelta fatale e conoscere l'ultimo, definitivo orrore.

In a lawless world, destroyed by disease and violence, Ornella finds herself a prisoner of Udolfo inside a lonely fortress. To survive, the girl must accept the bestial love of this man, a killer enslaved by his cannibal consort Vera, and become an accomplice of the couple. Both Udolfo and Vera are physically and mentally devastated by mutations, but they represent no worse danger than the sadistic Executors who march relentlessly outside the fortress. Before it is too late, Ornella will have to make a fateful choice and know the last, definitive horror.

Inspirato tanto dalla ruvida efficacia del cinema post atomico di Bruno Mattei quanto dal decadente erotismo di Jesus Franco, il film segue una sua strada in bilico fra la favola nera e il western, fra la bellezza naturale delle location e l'aggressivo dinamismo degli effetti speciali, in un'atmosfera allucinata e pericolosa.

Inspired as much by the rough effectiveness of Bruno Mattei's post-atomic cinema as by the decadent eroticism of Jesus Franco, the film follows its own path poised between a dark fairy tale and the western, between the natural beauty of the locations and the aggressive dynamism of special effects, in a hallucinated and dangerous atmosphere.
